

PRESS RELEASE

INELCO GmbH

the distinction in interconnection and electronic components and systems

INELCO (INterconnection & ELectronic COmponents) ist ein führender globaler Lieferant von **modular connectors - modcon®**, **integrated transformer jack - intrajack®**, **discrete components discom®**, **circular connectors - circon®** und anderer Steckverbinder und Terminals für Datacom-, Telecom- und Industrie- Anwendungen.

Auf der electronica 2010 stellt INELCO sein neues und erweitertes Produktspektrum vor. Einige Beispiele dafür:

- modcon® Cat. 6A geschirmter RJ45 Stecker mit speziell entwickelten Wire Management System zur einfachen Verarbeitung und Reproduzierbarkeit.
- intrajack® vertikale Buchse in Gigabit-Version
- circon® M12 Ethernet Connector Baureihe nach Standard IEC 61076-2-101 für den Einsatz bis IP67
- sfp (small form-factor pluggable) i/o Connectors in pressfit und als standard und double stack Harmonikas
- Schraubklemmen in verschiedenen Konfigurationen und Kontaktabständen (pitch)

INELCO (INterconnection & ELectronic COmponents) is one of the industry leading global manufacturer and supplier of **modular connectors - modcon®**, **integrated transformer jacks - intrajack®**, **discrete components discom®**, **circular connectors - circon®** and other connectors and terminal blocks for datacom, telecom and industrial applications.

At electronica 2010, INELCO is introducing its new and expanded product portfolio. Some examples:

- modcon® Cat. 6A shielded RJ45 plug with special developed Wire Management System for simplified assembly and reproduce-ability
- intrajack® vertical RJ45 jack with integrated gigabit circuit
- circon® M12 Ethernet connector series by IEC 61076-2-101 standard for environmental applications up to IP67
- sfp (small form-factor pluggable) i/o connectors in pressfit technique as well standard und double stack harmonicas
- screw terminals in various configurations and pitches
