

circon® - M12 circular connectors for Ethernet in Industrial Environment

INELCO's circular connectors are made for Ethernet data communications in industrial environment up to IP67. INELCO fulfills all requirements given by the IEC Standard IEC 61076-2-101 for M12 connectors with screw-locking for low voltage application. The 4 pole connector is designed for use in industrial environment at frequencies of 100 MHz and beyond like Industrial Ethernet. The 5 pole connector is designed for use in industrial environment in fieldbuses like Profibus DP and Interbus.

circon - M12

M124FS1

female M12 (4 pin) for soldering cable assembly

M124FS1

male M12 (4 pin) for soldering cable assembly

M124FW2B

female M12 (4 pin) for wire to board assembly

M124MW2B

male M12 (4 pin) for wire to board assembly

M124MSP

male M12 (4 pin) PCB-Type for solder

M125FS1

female M12 (5 pin) for soldering cable assembly

M125MS1

male M12 (5 pin) for soldering cable assembly

M125FW2B

female M12 (5 pin) for wire to board assembly

M125MW2B

male M12 (5 pin) for wire to board assembly

M125MSP

female M12 (5 pin) PCB-Type for solder
